

Tucker Football
Lift-a-Thon

2008 Participation Fees Program

The Tucker Football Team depends on each player to raise money through the Lift-a-thon for their participation fees. This year, there are four (4) levels of achievement available to earn their “practice packages.” Each level of participation provides the players with additional packages. These practice packages are necessary for each and every player and required for their Thursday Walk-through practices. Coach Stephens needs each player to dress as a team for the Thursday “walk-through” practices and weight-lifting sessions. **NO PLAYER WILL RECEIVE THEIR PACKAGES UNLESS THEY ACHIEVE THE REQUIRED LEVELS.**

The average per player cost for the 2008 season (above and beyond what Dekalb County funds) is approximately \$800-\$1000. This amount does NOT include summer camp fees for summer camps. The \$800-\$1000 cost does include practice equipment, upgraded helmets, upgraded and additional jerseys, pads, girdles, chin-straps, coaching fees for those not covered by the county stipends, operating fees, practice field maintenance, practice footballs, pre-game meals and the year end banquet (to name a few!)

Objective: The Lift-a-Thon is a way for each player to raise their Player Fees and obtain the practice packages. Each player is strongly encouraged to reach the \$400 level to obtain all items in each package. They should use the Lift-a-Thon to raise the necessary money. Parents are asked to pay any shortfall so the player can achieve the \$400 level and receive both practice packages. Parents can also opt to buy-out the lift-a-thon for \$400.

Instructions for Lift-a-Thon: We are conducting a Lift-a-Thon campaign that runs until July 7th. Each player needs to obtain as many sponsors as he can to pledge a specific amount per pound that the player lifts. Sponsors can also pledge a fixed donation amount.
